

HIGHLAND DNC, LLC.

WIRELESS SHOPLINK FLASH 2.0

ShopLink FLASH 2.0 + WiFi (WiFi enabled flash drive) = WIRELESS SHOPLINK FLASH 2.0

WiFiFlash is a WiFi enabled flash drive. Plugged into your ShopLink FLASH 2.0 box gives it WiFi capability. ShopLink WiFiFlash FREE software, included. Highland will remote into your internet connected computer and set it all up for free. ShopLink WiFiFlash can select and send files using a explorer like interface or you can set up a automatic transfer folder on the network for each ShopLink WiFiFlash. Drag and drop or copy and paste a file into this folder and it ends up as the default SEND.TXT in FOLDER0 of the Shoplink FLASH 2.0 box. The WiFiFlash for ShopLink FLASH 2.0 is \$199.00(+ shipping) per ShopLink FLASH 2.0 unit. You would need to implement wireless in the shop where you should have 3 to 4 bar signal strength at each machine.
